About Me

I am a motivated and detail-oriented professional with over 2 years of experience in accounting, financial reporting, and administrative support. I am nearing completion of my Accounting Technician Diploma (ATD) at Nairobi Institute of Business Studies and currently progressing toward CPA certification. In addition to my accounting background, I am also skilled in video directing and videography. I have practical experience in shooting, and live productions. This blend of financial and creative expertise allows me to adapt to different roles and contribute effectively in both office and media environments.
